HOUSE BILL NO. 329 ON SECOND READING

On motion of Mr. Frazer, the regular order of business was suspended to take up and have placed on its second reading and passage to engrossment,

H. B. No. 329, A bill to be entitled "An Act to amend Article 4518, Chapter 7, Title 71, of the Revised Civil Statutes of Texas of 1925, and repealing all laws in conflict therewith; prescribing the qualifications of applicants for registration as registered nurses under this law; prescribing the length of time applicants must have attended an accredited school of nursing and graduating therefrom; and defining an accredited school of nursing, as one connected with a general hospital having not less than twenty-five (25) beds with a daily average of not less than fifteen (15) patients annually, etc., and declaring an emergency."

The Speaker laid the bill before the House, and it was read second time.

Mr. Frazer offered the following committee amendment to the bill:

Amend House Bill No. 329 by striking out all below the enacting clause and substituting the following:

"That Article 4518 of Chapter 7, Title 71, Revised Civil Statutes, 1925, be amended so as to hereafter read as follows, and repealing all laws in conflict therewith.

"Section 1. Qualifications of Nurses Training Schools and Applicants: All special hospitals approved by the Board of Nurse Examiners, and general hospitals, which are equipped with not less than twenty-five beds, and which have a daily annual average of not less than fifteen patients, and which teach the course of study prescribed by the Board of Nurse Examiners of the State of Texas, are hereby constituted duly qualified and accredited nursing schools. A general hospital, as the term is here used, is a public or private institution where men, women and children are treated for all kinds of diseases, bodily in-

jury, or physical deformity by means of both medical and surgical treatment, and which maintains an organized staff of physicians and surgeons licensed to practice medicine in the State of Texas.

"Sec. 2. No person shall be certified as a graduate of any such nursing school unless such person has had three full years of work and study in such school under a registered nurse, two years of which must be continuous in the school of nursing from which she has graduated, or two continuous years in a special hospital and one continuous full year in a general hospital. And such graduate, upon presenting such certificate to the State Board of Nurse Examiners, shall, upon the payment of required fees, be entitled to take the examinations prescribed by the State Board; and upon making the passing grades prescribed by the Board, shall be entitled to receive from said Board a certificate certifying that such person is a graduate nurse and entitled to practice as a registered nurse in the State of Texas.

"Sec. 3. If any provision of this Act shall be declared unconstitutional or invalid, it shall not invalidate or affect any other provision hereof.

"Sec. 4. The failure of the present law to define what shall constitute an accredited school of nursing, and to make provision for the minimum number of beds and daily average of patients, annually, required of general hospitals, to which schools of nursing may be attached, and permitting adoption of rules by the State Board of Nurse Examiners discriminating against the smaller general hospitals of this State to which schools of nursing may be attached, and which are conducting adequate and competent nursing schools, creates an emergency and an imperative public necessity that exists that the constitutional rule, requiring bills to be read on three several days in each house, be suspended, and said rule is hereby suspended, and this Act shall be in force from and after its passage, and it is so enacted."

Mrs. Moore offered the following amendment to the committee amendment:

Amend committee amendment to House Bill No. 329 by striking out the word "annual" in line 11 of the printed bill.
